TripAdvisor was recognized for TripAdvisor Flights, a new way to find flights that addresses the dramatic changes in the airline industry. The ground-breaking search engine includes a dynamic Fees Estimator, the first and only online product to help travelers understand the true cost of a flight in a single display. TripAdvisor won the Established company category for companies five years or older. Other Established finalists were Hilton Hotels Corporation and Orbitz Worldwide.

"We're honored to have been recognized not only by the U.S. Travel Association, but by the voting public," said Steve Kaufer, founder and CEO of TripAdvisor. "We feel that TripAdvisor Flights takes flight search to a whole new level, helping consumers get all of the facts to surface value, and we're thrilled that real travelers out there agree."
