The Company believes that non-GAAP financial measures provide investors with useful supplemental information about the financial performance of our business, enables comparison of financial results between periods where certain items may vary independent of business performance, and allow for greater transparency with respect to key metrics used by management in operating our business.
(1) Includes charitable contributions to the TripAdvisor Charitable Foundation which were funded in cash of $\$ 2$ million and $\$ 8$ million for the three months and year ending December 31 , 2014, respectively, which were not added back or non-GAAP purposes.
(2) Represents a non-cash charitable contribution to the TripAdvisor Charitable Foundation which was settled in company stock and therefore added back for non-GAAP purposes, of which $\$ 6$ million was accrued during the nine months ended September 30, 2015 under GAAP with the intention of settling in cash and then reclassified as non-GAAP during Q4 2015 to reflect the non-cash nature of the final settlement.
(3) Depreciation. Includes internal use software and website development amortization.
(4) Adjusted EBITDA. Defined as net income (loss) plus: (i) provision for income taxes; (ii) other income (expense), net; (iii) depreciation of property and equipment, including amortization of internal use software and website development; (iv) amortization of intangible assets; (v) stock-based compensation and other stock-settled obligations; (vi) goodwill, long-lived asset and intangible asset impairments; and (vii) other non-recurring expenses.
(5) Unique Visitors. Total traffic growth, or growth in monthly visits from unique visitors, is reflective of our overall brand growth. Additionally, we track and analyze sub-segments of our traffic and their correlation to revenue generation and utilize data regarding hotel shoppers as a key indicator of revenue growth.
(6) Hotel Shoppers. The term "hotel shoppers" refers to visitors who view either a listing of hotels in a city or a specific hotel page. The number of hotel shoppers tends to vary based on seasonality of the travel industry and general economic conditions, as well as other factors outside of our control.
(7) Adjusted EBITDA Margin. Defined as Adjusted EBITDA divided by Revenue
(8) Income Tax Effect of Non-GAAP Adjustments. Represents the reduction in the income tax benefit recorded for all periods presented based on our effective tax rate, adjust ed for non-GAAP items.
(9) Additional Restricted Stock Units. Includes all weighted average shares relating to RSUs in shares outstanding for Non-GAAP diluted shares outstanding,
(10) Foreign Exchange Impact. Calculated on a constant currency basis, by excluding the effects of foreign exchange by translating actual revenue or expenses for the current reporting period ended using the prior year reporting period average exchange rates for settlement currencies other than the U.S. dollar.
*: Year to date totals reflect data as reported and is not necessarily a summation of the quarterly data.
